Theodore Glaser Will Have
Charge of Institution
Temporarily.

Henry Thiel has tendered his resignation as manager of the Outagamie Equity Exchange, after being in active charge since its organization. Theodore Glaser, assistant manager, has assumed charge of the exchange until a successor is appointed by the board of directors.

Rumors were current that Mr. Thiel was forced to resign because of accusations against him in connection with administration of the business. Charles Schroeder, president of the exchange, denied these rumors and said that Mr. Thiel's affairs are in good condition. Mr. Thiel was approached concerning his resignation but made no statement. His future plans were not announced.

TAX COLLECTION RECORDS ARE BROKEN ON MONDAY

A quarter of a million dollars in taxes was collected by Fred E. Bachman, city treasurer, Monday. The rush was due to the fact that it was the last day of collecting taxes before the 2 per cent fee went into effect. The office was crowded all day and until late in the evening. All former records of the amount of taxes collected in a single day were broken.

REALTY MEN PLAN A "STUNT" NIGHT

Local Board Considers Entertainment Plans for Visiting Realtors.

An amateur "stunt" night probably will be one of the biggest entertainment features of the approaching convention of the Wisconsin Association of Real Estate Brokers. Plans were completed at a meeting of the Appleton Real Estate board Saturday. The date was set for Wednesday evening, Feb. 3, and Earl Miller was placed in charge.

A cafeteria luncheon is to be served at Elk hall, the convention headquarters. This will be followed by the annual oratorical contest for the silver trophy cup. Orations are to be on the subject, "Selling Your Own City." The cup was won last year by Paul E. Stark, Madison, who took it from William Dooley, Racine. Mr. Dooley held the cup for two years.

Members from every city in the state are expected to put on a "stunt" following the contest. Some cities have already asked for a place on the program. Solos, quartets, numbers, dialogues, humorous monologues, comic sketches and many other original features are promised. Three prizes are to be awarded for the best presentations.

F. A. Morey, Racine, will entertain with part of his stock of Scotch melodies.

L. E. Gerde, Eau Claire, has a slight-of-hand program. Carl Stark, Madison, comes in the John McCormack class with his tenor singing. Superior has one of those quartets that people come to hear. Green Bay has several "stunts" up its sleeve which the audience will be expected to find a name for.

Lumber Expert Talks.
Robert B. Goodman, Marinette lumberman, has been secured for the speaking program. Daniel P. Steinberg, convention chairman states, Mr. Goodman is believed to be one of the foremost lumber economists in the country. He will speak on the "Housing Situation of the Country Today."

The address of Mr. Goodman promises to be a very interesting one. His advice will be sought eagerly by the realtors of the state, because he is an authority on the lumber and building situation, especially as it affects home building. With lumber 25 to 50 per cent lower in price than formerly, most realtors believe this is the opportune time to build and will weigh Mr. Goodman's opinions carefully.

The program committee considered itself fortunate in securing Mr. Goodman. He has been in demand among eastern colleges for addresses on lumber business from an economic standpoint. He recently spoke before students of Yale university. His experience in the lumbering business enables him to give facts rather than theories.

Do This For Constipation

THE public should know that there is a real difference in the action of the various remedies for constipation. Some are "laxatives," purges, cathartics. They gripe and weaken.

For lasting effect use a laxative. Dr. Caldwell's Syrup Pepsin acts gently and mildly so that even a tiny baby can use it with safety. It is a compound of Egyptianenna and other stimulating herbs with pepsin and pleasant-tasting aromatic. A sixty-cent bottle will last an average family many months.

Dr. Caldwell's Syrup Pepsin is the most popular of all laxatives and more is used in American homes than any other. Last year eight million bottles were sold by druggists, the largest sale in the world.

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington St., Monticello, Ill. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

ARREST GEIGER FOR ATTEMPTED ASSAULT

Charged with attempted assault upon a Hortonville young lady, William Geiger was arrested Monday evening by Detective John Duval. He appeared in court Tuesday morning and his case was adjourned until Monday. He was placed in the county jail when he was unable to furnish bail of \$1,500.

"ARE ALL MEN ALIKE?"

We don't think we are making a mistake in urging you not to miss this picture. It's one of those crackjack stories that just holds you in suspense until the final close-up—the story of a rich young girl who wanted to live her own life in her own way, and who chose Greenwich Village as the place of residence. What happened to her constitutes part of the engrossing plot, but it will be divulging no secret to say that she was beguiled by men from the very start.

The picture shows May Allison in one of the best roles of her career, and we feel very sure that you will concede the picture to be one of the best after you have seen it.

The Best Cough Syrup is Home-made.
Here's an easy way to cure ST, and you have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat ticks, hoarseness, group, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. SHE DARKENED HER GRAY HAIR

Tells How She Did It With a Home-Made Remedy

Mrs. E. H. Boots, a well known resident of Buchanan County, Ia., who darkened her gray hair, made the following statement:

Any lady or gentleman can darken their gray or faded hair, and make it soft and glossy with this simple remedy, which they can mix at home. To half a pint of water add 1 ounce of barum, one small box of Barbo Compound and ¼ ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. It does not color the scalp, is not greasy and does not rub off. It will make a gray-haired person look twenty years younger.

APPLETON PEOPLE MADE PROVISIONS FOR JOBLESS DAYS

Business Depression Does Not Increase Demand on City's Poor Department.

While extra demands are being made on the poor departments of neighboring cities by reason of the large number of people out of work, J. C. Klein, commissioner of poor, said that such was not the case in Appleton. The number of people receiving assistance is no greater than it was early in the winter.

Appleton is particularly fortunate in the present crisis in that it is a paper manufacturing center. The number of people out of employment does not begin to compare with those of other cities and the wages paid by paper manufacturers was greater than that paid by many other industries.

"We have a number of people whom we assist the year round," said the commissioner, "and a few whom we assist during the winter only. The financial conditions of an applicant is investigated thoroughly before assistance is given and then whatever is done for him is given in the nature of a loan."

"I had one applicant, a tradesman, a few days ago that earned nearly \$7 a day, but who worked only a portion of the time. A few weeks ago he took a two weeks' vacation without permission and when he returned he found his place filled by another person. He spent his money as fast as he earned it and is now without means of support. He was advised to get busy and find another job."

"Persons frequently report supposedly destitute cases, where a family is well able to provide for itself and if there is suffering it is a matter of choice. A case was reported a short time ago where the wife was sick and apparently in great need of financial assistance. I went to the house with the nurse and while she was looking after the wants of the wife I questioned her husband and found that the couple not only owned the home but also had money in one of the banks."

"The commissioner said that many people who apply for aid are the most reckless spenders both as to food and clothing and it aided want only the best. Ordinary articles do not appeal to them and aid from charitable organizations only increase their wants."

DOCTORS PUZZLED BY STRANGE CASE

Illness Diagnosed as Influenza May Be Sleeping Sickness or Typhoid.

Two weeks ago the health department reported two cases of influenza had been discovered in a family named Plentie on South River-st. The family recently moved here from a neighboring city. It is now evident the disease is not influenza, and it has all the symptoms of a sleeping disease and typhoid fever symptoms are also apparent.

The health department is endeavoring to determine whether it is typhoid fever and has had the water of the well on the premises analyzed. The well is 150 feet deep and the first analysis by the city chemist showed no signs of being contaminated. Another analysis was made Tuesday.

Three persons are sick with the disease, father, daughter and a boy who is visiting in the family. In the early stage of the disease the patients slept most of the time. They are still confined to their beds and are being cared for by a nurse. Inasmuch as the city has been practically free from typhoid fever for several years the health department is almost sure it is some other disease which has not yet been fully determined.

While other cities are peppered with smallpox Appleton has only one case, a student of Lawrence college who is quarantined in Brokaw hall. He has almost recovered and will be released in a few days. Scarlet fever is holding its own and about as fast as one patient recovers another case is reported to the health officer. At present eight homes are quarantined. The disease has made its appearance in Greenville and several other towns of the county.

STATE OFFICERS SPEAK AT BANQUET

Expect Not Less Than 150 Guests at Game Association Annual Meeting.

Two of the men most prominent in game protective circles in Wisconsin will be the principal speakers at the annual meeting and banquet of Outagamie Fish and Game Protective association, Monday evening, Feb. 7, in Odd Fellow hall. The speakers will be Judge O'Neill, president of the Wisconsin Game Protective association.

The gathering consisted largely of former Equity members who either have left the organization or have been ousted. An effort probably will be made to gain members in Outagamie county, as several residents of this locality are known to be connected with the United Farmers of America.

ANTI-EQUITY MEN PUSH NEW FARM ORGANIZATION

Organization of the United Farmers of America, composed mostly of dissatisfied Equity members, is proceeding with vigor in the state, according to latest advices. J. Weller Long, former secretary-treasurer of the national union of the American Society of Equity, presided at a meeting in Madison last week at which it was decided to wage a strong campaign in Wisconsin.

The gathering consisted largely of former Equity members who either have left the organization or have been ousted. An effort probably will be made to gain members in Outagamie county, as several residents of this locality are known to be connected with the United Farmers of America.

TOO FEW APPLICANTS: REPEAT EXAMINATIONS

So few persons took the recent civil service examinations for specialized government positions that they are to be held a second time, according to word received by H. J. French, secretary of the local examining board.

Examinations will be conducted Feb. 23 for assistant observer in the weather bureau, apprentices each for plate cleaner, transferer, letter engraver and picture engraver; March 9 for apprentice fish culturist and physician Panama canal service. Mr. French has information about requirements for each test.

ASK RETAILERS TO HELP RESTORE DESIRE TO BUY

An appeal has been received by the chamber of commerce from the National Garment Retailers association, New York, urging retailers to unite in a campaign to revive buying. The letter states that conditions are righting themselves, but that it will take too many months to let the situation work itself out. It is believed that many people are not buying because they believe prices will be still lower, when this may not prove true. Several plans are suggested for a campaign to stimulate trade and to restore public confidence.

Hike To Lake

Cutting and storing of ice was planned to members of boy scout troop No. 3 Saturday by officials of Lutz brothers, who are making the annual ice harvest on Lake Winnebago. The troop camped overnight. Finally at Rainbow cottage, owned by W. H. Burns. Some of the scouts started for long distances on the lake.

STATE OFFICIAL WILL GIVE TALKS ON HEALTH

Health talks will be given by officials of all Appleton schools next week by Frank R. Sherwood, Madison, a member of the state department of health. He is to speak on a health public and parochial school, and at 113 each day in the vocational school. J. E. Dennison, boys' secretary of the Y. M. C. A. is arranging the schedule for Mr. Sherwood.

He has just returned from New York where he attended the annual meeting of the American Game Protective association and expects to tell Appleton and Outagamie county people all about that big meeting. Both men are splendid talkers and both are well versed in game protection.

G. L. Chamberlain, secretary of the Outagamie society, will deliver a short talk in which he probably will present figures bearing on game protection and the killing of predatory animals.

Arrangements are being made to take care of at least 150 guests, including many women. Reservations thus far received indicated a large representation of the fair sex.

One of the inducements for attendance is the offer of about \$20 worth of bait, donated by a bait manufacturer, which is to be given to the first 50 people in the hall. The doors are to open at 6:30 and the dinner is scheduled to start at 7 o'clock.

THIS LUMBER MAN IS HAPPY

To feel depressed, rundown, unable to eat and losing weight daily, and then to suddenly acquire a ravenous appetite, gain four pounds in one week and feel full of "pop" and ambition, was the happy experience of Bernard Hensel, 2020 N. 11th Street, Sheboygan, Wis., a lumber inspector. He said: "Right from the first bottle of Kozak I took, I began to pick up. I banished my stomach trouble and built me up like new. I gained a good appetite, my food digests right and I put on 4 pounds the first week. I want my friends to know about Kozak—it is wonderful."

CHICAGO RED CROSS WORKER VISITS HERE

Miss Eleanor D. Myers, Chicago, field representative of the central division of the American Red Cross, spent Monday here conferring with Mrs. B. W. Wells, county Red Cross secretary. She said the Outagamie chapter is recognized as one of the most active and successful in the state.

The most difficult problem confronting the Red Cross, she said, was to educate people of the fact that it is no longer incidental to the World war, but that a definite peace-time program had been adopted which would keep the Red Cross in the field as one of the most important community welfare organizations. Many localities were backward in their roll call response on this account, she said, but the war work idea was fast vanishing.

AID OFFICIALS RETURN FROM STATE MEETINGS

G. D. Ziegler, president and Albert Voecks, secretary of the Aid Association for Lutherans, have returned from an extended business trip to cities of four states.

Both attended conventions of the Indiana and Missouri state Lutheran Federations at which they were guests of honor and delivered addresses. They also conferred with branch officials in various cities with regard to business matters connected with the association. They were cordially received in each place and believe the interests of their organization have been advanced materially as a result of the visit.

The trip included Fort Wayne and Indianapolis, Ind.; Chicago, Crawfordville and Danville, Ill.; St. Louis, Mo., and Milwaukee.

The Northwestern Petroleum Co. has filed an amendment to its articles of incorporation making its capital \$50,000 and providing for both the wholesale and retail of petroleum products. The amendment is signed by Fred Wheeler, president and J. H. Way, secretary and treasurer.

CROUP

An attack of croup must not be trifled with. It comes in the dead of night when a doctor is not available. Vapor treatments cannot be depended upon to give results—you can't cut phlegm with vapor. Glessco is a croup remedy that has stood the test of time. For forty years it has proven effective in millions of American homes. It is safe, reliable and quick in action.

Glessco will relieve an attack of croup in fifteen minutes without vomiting. It carries the offending substances out of the system and does not upset the stomach.

Your druggist will tell you how many of your neighbors depend on Glessco as the reliable croup remedy. Sold by all druggists at 50c per bottle. It is worth ten times as much in use of need.

Why We're so "Fussy" About the Washing of Woolens

Grandmother wasn't half so "fussy" over the washing of woolens as we are.

After years of experience we've reduced it to an exact science, and you find all this care worth while.

Experience has taught us that only pure, soft water should be used, and that it must be just 110 degrees—never boiling. We have learned that only the finest of mild, white soap flakes—flakes which instantly dissolve and form a smooth, creamy suds—are suitable for the washing of woolens.

And we rinse thoroughly, time and again, in many changes of water, so not a vestige of soap remains to mat the fleecy fibres.

Finally, we dry these soft fluffy things in a gentle breeze of balmy air which raises the nap and plumps the fabric, making it as elastic and springy and as warm and downy as when it left the loom.

It doesn't pay to expose your fine woolens to ordinary washing—bundle them up with your family laundry and send them to us. A phone call will bring our driver, promptly.

Big Crowd at Masquerade

More than 200 people attended the masquerade dancing party given Monday evening at the Fourth district school under the auspices of the Neighborhood Assembly. Nearly every one present was masked, the costumes representing all the known countries and a few unknown. Clowns, Negroes, cowboys, Indians and troops hobnobbed together as though they were all members of one huge family.

One of the cleverest costumes was a huge pair of overalls which was worn by two young ladies, each of whom had one of the legs of the overalls for her garb. Much amusement was caused by this pair as they attempted the difficult maneuvers of the grand march.

The regular program of dances was pleasantly varied with old fashioned dances such as the rye waltz, circular two-step and square dances. Stocker's orchestra furnished music.

ROMANOFF CLAIMS OWNERSHIP OF AN IMPOSING RECORD

Gary Grappler Is Master of Several Odd Wrestling Holds. In Good Shape.

Young Romanoff, the big Gary, who is to furnish part of the action in the main bout in Wednesday night's wrestling show, is expected to arrive in the city Tuesday night. Word from Gary is to the effect that Romanoff has been named as the main attraction because of his record on a jury but he maintains he is in good shape and expects to add another victory to his imposing record. He is an expert in the use of the standing catch which sets his opponent on his head where he remains until dizziness sets in—the most easily. Romanoff also knows how to be the head scissor to advantage.

The Gary man has had two bouts with Carl Zoll, the Green Bay idol, and lost the first bout but won the second in short order. He was in poor condition for the first meeting.

To give local fans an idea of what kind of a man he is, Romanoff submits his record for the last four months of 1920, showing he has won 26 matches, lost 1 and finished even in the other.

His record for the last four months include victories over the following men: Tony Hackett, Dick Starr, Paul Kowalski, Jack Hagen, Joe Wallace, Charles Gover, Bull Olsen, Geo. Peter, Bill Harris, Joe Geshout, Paul Sampson, James Istok, M. Orlando, Chick Breen, Dick Walker, Buck Weaver, Y. Samson, Emil Jones, Max Miller, Joe Bagel, Jack Roller, Fred Polson, A. Anderson, Joe Shimkus, Joe Wallace, Chick Breen.

He was defeated by Zyzsko in two falls, the first in 39 minutes and the second in 11 minutes at Hammond, Ind., and he was held to a draw by 11 Gardini after 90 minutes of grappling in Gary.

The bout Wednesday night is to start at 8 o'clock instead of 8:30 because of the lengthy program. The dual meet between Lawrence college and the Y. M. C. A. will be staged as a preliminary to the main event.

MORE MEN THAN WOMEN HAVE APPENDICITIS

Medical reports show men are more subject to appendicitis although many sudden cases occur among women. It can be guarded against by preventing intestinal infection. The intestinal antiseptic, Adier-kal, acts on BOTH upper and lower bowel, removing all foul, decaying matter which might cause infection. It brings out matter you never thought was in your system and which may have been poisoning you for months. Adier-kal is EXCELLENT for gas on the stomach.

OLIVES LOSE TO OSHKOSH 14-9

Appleton Lutheran Basket Teams Are at Bottom of League List.

Oshkosh Grace Lutherans whipped Appleton's Olive Branch basketball team in a well played game in high school gymnasium, Oshkosh, Saturday evening, 14 to 9. Froehke, the local five's center, was out of the game.

Oshkosh did most of its scoring in the first half, but was held down in the second half. Olives played a stellar game for the Sawdust city quintet, and Duestcher and Lueckel for the Olives.

The game scheduled between Olive Branch and Kaukauna for Friday evening at the Y. M. C. A. gymnasium has been postponed. The former will meet Trinity Lutherans, Neenah, at Neenah armory at 7:30 Wednesday evening. The game will be a curtain-raiser to the contest between Neenah Whizz Kings and Company E, Fond du Lac.

Both the Olives and St. Paul have had but a slight taste of victory since the Fox River Valley Lutheran tournament started last fall. The former won two games, the latter one, and both have lost six. They stand at the bottom of the list, with Fond du Lac and Kaukauna contenders for first place.

The standings are:

	W	L	Pct.
Fond du Lac	5	1	.833
Kaukauna	5	1	.833
Neenah	5	2	.714
Oshkosh	5	4	.556
Olive Branch	1	6	.143
St. Paul, Appleton	1	6	.143

The new \$20,000 school building at Medina will be dedicated Saturday, Feb. 5. The principal address will be delivered by George S. Dick, state rural school inspector. Addresses will also be made by A. G. Meating, county superintendent of schools, and W. P. Hagmann, principal of Outagamie county training school. The new building is now occupied.

Local Bowlers Lose

While the Interlake Pulp and Paper Co. basketball team was throwing the hooks in the Consolidated Water Power and Paper Co. team at Wisconsin Rapids Saturday night, the Consolidated company's bowling team was doing the same thing to Appleton's ten pin artists. The Wisconsin Rapids crew won the three game match by eight pins.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

If you start the bile and overcome constipation. Millions of boxes are sold annually. Take one or two nightly and note the pleasing results.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrh of the Ears, go to your druggist and get 1 ounce of Ears-nose medicine, and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dripping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrh of the Ears, is hard of hearing or has head noises should try this prescription a trial.

SELECT LECTURERS FOR 4 SALESMANSHIP CLASSES

Lecturers have been secured for the four remaining meetings of the salesmanship class of the vocational school. Hugh G. Corbett, secretary of the Appleton Chamber of Commerce, will address the class Wednesday evening.

L. D. Sawtelle, assistant manager of the State Security Co. of Milwaukee, is scheduled for Feb. 9. The vice-president of the Seldon School of Commerce, Harry W. Toles, will be the lecturer Feb. 16. The Seldon School of Commerce, which is located in Chicago, is considered one of the leading commercial schools in the west. 23 with a big meeting to which salesmen of the entire Fox river valley will be invited. Mrs. Genevieve Reid, educational director of Marshall Field Co. of Chicago, will deliver the lecture. A large number of salesmen are expected from Green Bay, Neenah, Menasha, Kaukauna and Oshkosh.

TUESDAY 5:15 TEAMS STILL GOING STRONG

Two important matches are scheduled for Tuesday evening. Noon class firsts and seconds will play against the Monday 5:15 teams. The first game will begin at 8 o'clock.

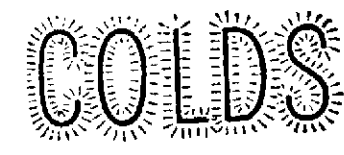

HIGH SCHOOL BASKETEERS PLAY AT MENASHA FRIDAY

Appleton high school basketball team plays at Menasha Friday night. With Dunn and Briese back, the team will be strengthened with a center and a hard working forward. Coach Vincent will pick eight or nine men from a squad of eleven possibilities. The coach is confident of victory. Menasha was defeated here two weeks ago by a score of 4 to 12.

The basketball squad has been cut down to 15 men. Because there are so many good men Coach Vincent said every man would have to work exceedingly hard to keep his place on the team. Practice games will be played this week with other teams.

Fred Koehl of Menasha, was a business caller in Appleton Saturday.

R. Stumpf of Menasha, was an Appleton business caller Saturday.

ROADS TO MILWAUKEE IN EXCELLENT SHAPE

Several automobiles made the trip from Milwaukee to Appleton Monday and the drivers were enthusiastic over the excellent condition of the roads. Between Milwaukee and Fond du Lac there is no snow or ice to indicate winter and very little between Fond du Lac and Appleton. Similar conditions prevailed at this time 25 years ago, but at that time bicycles were used as a means of transportation instead of automobiles.

Withdraw Motion

In the case of the Oshkosh Manufacturing company vs. Appleton Broom company, which is being tried at Oshkosh, a motion by the defendant for a change of venue has been withdrawn.

REWARD

\$20,000.00 IN CASH To the People of Appleton

As announced in last Sunday's Chicago Tribune, search is being made for the most beautiful girl in this territory. The Chicago Tribune will pay \$10,000.00 in cash to the girl as announced. Also \$10,000.00 in cash will be paid to 50 other girls. Everyone is invited to join the search.

IS SHE IN APPLETON?

Can you help find the girl? Fame and fortune await her. All that is necessary is to select a photograph of any girl you think beautiful, mark on the back of it the name, address and occupation and send it to "Beauty Contest," The Chicago Tribune, 7 S. Dearborn St., Chicago. Then see next Sunday's Chicago Sunday Tribune for further details.

Chemist Wins Lasting Gratitude

"I tried several doctors and all kinds of medicine, and had about given up all hope of getting better. I did not think it possible that any medicine could be so wonderful in its effect as Mayr's Wonderful Remedy has proven in my case. You sure have won my lasting gratitude. I could not work at all and had constant pain in my stomach before taking your medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. —All Druggists. adv.

The New Price

on

Fordson Tractors

\$625

F. O. B. FACTORY

The Price of the FORDSON TRACTOR has been reduced to \$625.00, effective immediately.

THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure, and now with rock bottom reached on the tractor price, a further reduction in price of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases.

AROUND THE WORLD

Winona, Minn. — "A few years ago I had a severe attack of ptomain poisoning, which left my blood in very bad condition. I tried a great many so-called tonics but felt no better until a friend suggested my trying a bottle of Dr. Pierce's Golden Medical Discovery, which gave me immediate relief. It is surely an excellent tonic, does not purge and is not objectionable to the taste. I was living in England when I first took the 'Discovery' and have since been around the world and always carried a bottle of the 'Golden Medical Discovery' right with me. I would not be without it and am only too pleased to be able to recommend it." —WALTER H. DUKERTON, Willow Farm. All druggists.
